

The Metal Ring Company Limited

Environmental Policy

This policy applies to all activities undertaken by The Metal Ring Company Limited and impacts upon key suppliers and customers.

Our operations produce no liquid or solid effluent discharges, minimal atmospheric discharges and very little material waste. Despite this we are committed to reduce any negative impact we may have upon the environment, and increase any positive.

We will:-

1. Comply with all relevant legislation and regulations;
2. Constantly review the environmental impact of our activities, endeavour to reduce our overall environmental impact and prevent waste using best practice techniques;
3. Involve employees in our environmental programme and provide necessary training to enable them to discharge their responsibilities;
4. Sustain a programme of continual improvement in environmental performance, incorporating suitable measurement and monitoring mechanisms;
5. Work with key suppliers and customers to encourage them to develop environmental best practice.
6. Improve resource efficiency (including our use of water, energy and raw materials).

This policy is publicly available on request.
